

Stay up to date with new data in Astronomy!

When new data is published into the Virtual Observatory, we will toot about it in the Fediverse (“Mastodon”). To learn about it, follow

[@gavo@botsin.space](https://botsin.space/@gavo)

This will also alert you to new posts on our blog,
<https://blog.g-vo.org>.

Sans the blog posts, you can also consume the fresh resources in the VO via RSS^a. Just point your aggregator to

<https://dc.g-vo.org/regrss>

^aThe most underrated protocol on the Internet
